Bark Avenue and its staff does everything in our power to provide a safe and clean environment for your pets, and we ask that you do your part by following your veterinarian's recommended vaccine protocol. **We highly recommend the Bordetella vaccination! We look for Bordetella to be updated every six (6) months.**

Bark Avenue Requires all pets less than 2 years of age to be current on all vaccines. We recommend that you keep your pets vaccinated. After the age of 2, we will only require Rabies to be current under North Carolina law. We must see a Rabies Certificate or documentation from your vet. We reserve the right to refuse service to any pet that we feel needs veterinarian care.
